

SHAHZAIB KHAN

Software Engineer | MERN Stack Developer

+92 334 3943555 | shahzaibkhan3855@gmail.com | Islamabad, Pakistan
linkedin.com/in/shahzaibkhan36 | github.com/shahzaibkhan36

PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science graduate with a strong foundation in full-stack web development using the MERN stack (MongoDB, Express.js, React.js, Node.js). Adept at building responsive, scalable, and user-centric web applications. Demonstrated ability to deliver end-to-end software solutions through academic projects and self-driven learning. Eager to contribute technical skills and problem-solving abilities to a dynamic development team.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS, Redux

Backend: Node.js, Express.js, RESTful APIs, JWT Authentication, Middleware Design

Database: MongoDB, Mongoose ODM

Tools & DevOps: Git, GitHub, VS Code, Postman, npm, Vercel, Render

Languages: JavaScript, C++, Python (basics)

CS Fundamentals: Data Structures & Algorithms, OOP, OS, Computer Networks, DBMS

PROJECTS

Lost & Found System — Full Stack Web Application

2024 – 2025

Final Year Project (FYP) | Technologies: Node.js, Express.js, MongoDB, REST APIs

- Designed and developed a responsive web application enabling users to report, search, and recover lost items seamlessly.
- Implemented user authentication using JWT, ensuring secure access control for registered users.
- Built a RESTful backend API with Node.js and Express.js to handle item listings, user accounts, image uploads, and notifications.
- Integrated MongoDB as the primary database to store item details, user profiles, and location-based search metadata.
- Added image upload functionality using Cloudinary, allowing users to attach photos of lost or found items for easier identification.
- Implemented geolocation features to display items on a map view, helping users narrow down search by proximity.
- Collaborated in an Agile environment, conducting sprint planning, code reviews, and regular progress demos to the university panel.

E-Commerce Web Application

2023

Personal Project | Technologies: React.js, Node.js, Express.js, MongoDB, Redux, JWT

- Built a full-featured e-commerce platform with product listings, cart management, user authentication, and order tracking.
- Implemented Redux for global state management and integrated payment simulation flow.
- Designed RESTful API endpoints for products, orders, and users with role-based access (admin/customer).

Task Management App

2022

Personal Project | Technologies: React.js, Node.js, MongoDB, Tailwind CSS

- Developed a Kanban-style task manager with drag-and-drop support, user assignment, and deadline tracking.
- Integrated real-time updates using polling and REST API design patterns for task CRUD operations.

EDUCATION

Bachelor of Science in Computer Science 2021 – 2025
University of Engineering & Technology (UET), Peshawar, Pakistan

- Relevant Coursework: Data Structures & Algorithms, Web Engineering, Database Systems, Software Engineering, Computer Networks, Object-Oriented Programming, Operating Systems.
- Final Year Project: Lost & Found System — full-stack web application (see Projects).

CERTIFICATIONS

Google Project Management Certificate 2025
Coursera | Google

- Covered Agile methodologies, project lifecycle management, stakeholder communication, and risk management.

Software Engineering Certificate 2025
Coursera | The Hong Kong University of Science and Technology

- Covered software development lifecycle (SDLC), requirements engineering, testing strategies, and design patterns.

Google AI Essentials Certificate 2025
Coursera | Google

- Covered AI fundamentals, prompt engineering, responsible AI use, and practical applications of generative AI tools in professional workflows.

SOFT SKILLS

Team Collaboration | Problem Solving | Communication | Time Management | Adaptability
Attention to Detail | Critical Thinking | Fast Learner | Self-Motivated

LANGUAGES

Urdu: Native | **English:** Professional Working Proficiency | **Pashto:** Native
